

TEST PLAN

DSA PROJECT

LIBRARY MANGEMENT

SYSTEM

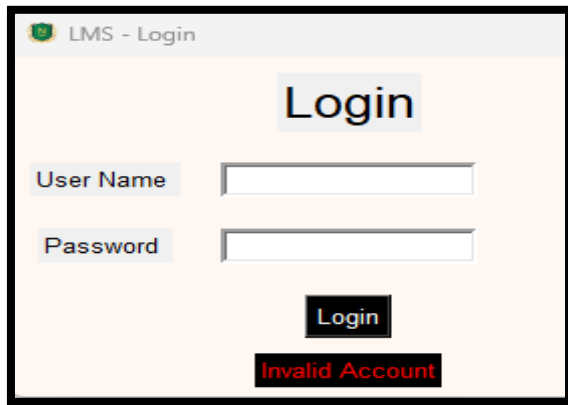

Fahim Ur Rehman Shah

NIM-BSEE-2021-21

Submitted to :

Mam . Naureen Shaukat

1. Login Test :

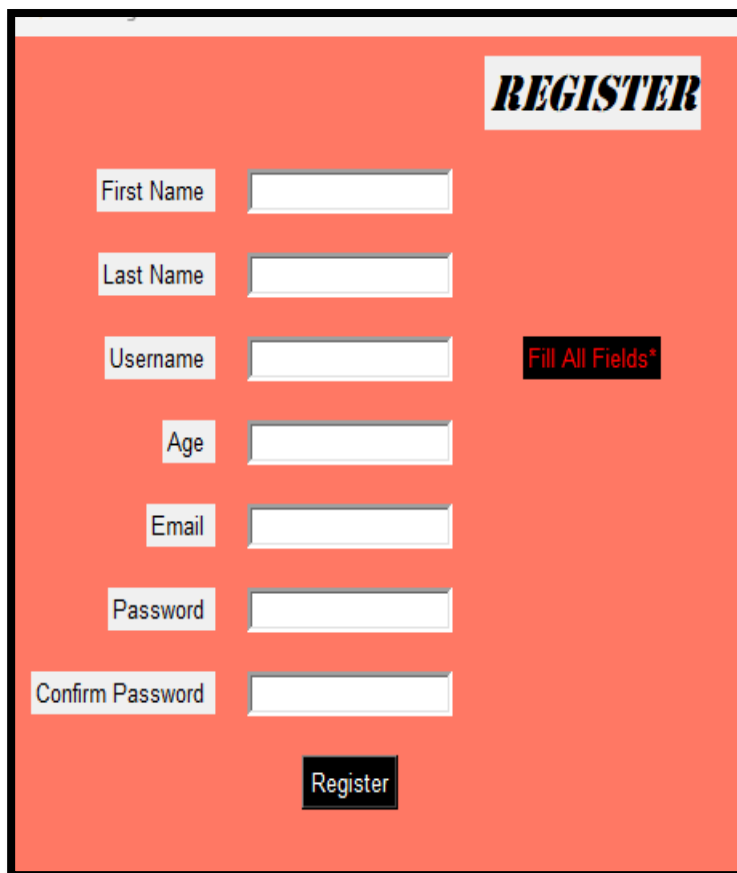

- If the user name or the password is incorrect, the error message will be displayed

Invalid Account

- If both are correct then the user will be login

2. Register Test

- If any of the field is empty then the error message will be displayed .

Fill All Fields*

- If password and the the confirmed password is not same then the message will be displayed that the password is mismatched

Password doesnt matched!

- If user already exist

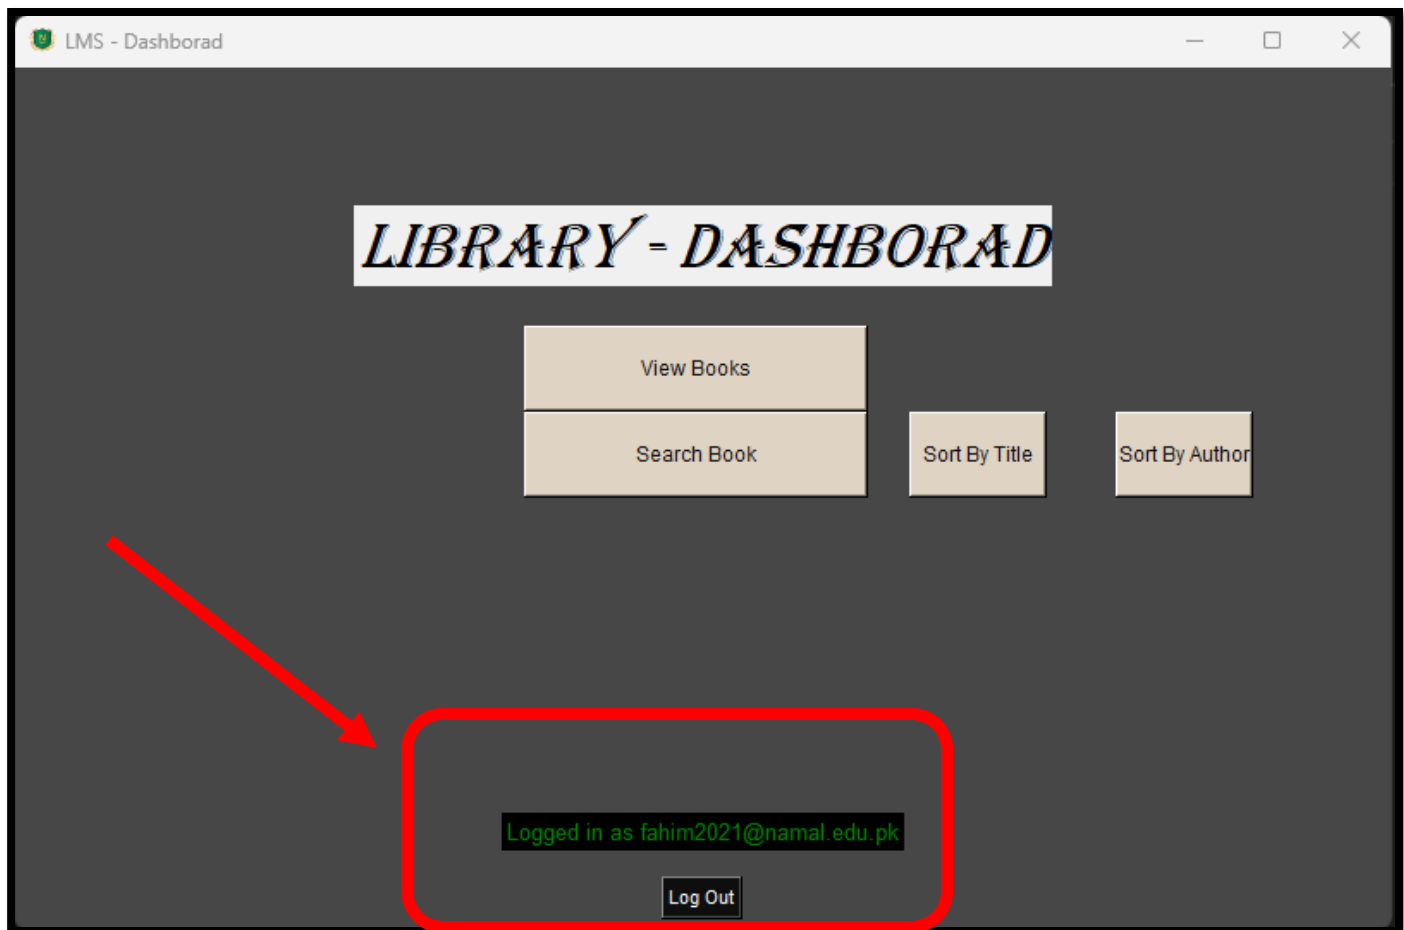

Name Taken

- If all the fields are correct then account will be registerd and the account data will be stored in the account folder

Account has successfully been created

3. Accounts in the account folder
